

Water Resource Project Directions

- 1) Fill out the group contract completely and turn it into to the teacher
- 2) Have one team member create a folder in Google Drive then share it with the rest of the team members **AND** the teacher (This will be where you store any group information, questions, answers, ideas, etc)
 - a) The format of the folder name should be your P (period number) then your group name.

For example: If you are in second period and your group name is "Water Savors" you would name your folder "P2 Water Savors"

- 3) Go to https://youtu.be/A6_7zC0mB9w and watch the video on how to design an infographic
- 4) Go to <https://www.canva.com/> and create an account then create your infographic
- 5) Once completed, email the infographic to the teacher
- 6) Be prepared to present this infographic to your class in **under 2** minutes

Resources for gathering information

1. [Lecture slides](#)
2. Your notes
3. Dam & Fish Ladders Worksheet from Google Classroom - (Must have one completed per group)
4. Gray Water from Google Classroom - (Must have one completed per group)
5. Washer problem teacher will pass out - (Must EACH turn in)
6. [Rubric](#) for how this project will be graded

The teacher will grade your papers from your Google Drive folder once completed, so ensure that all worksheets are saved inside the shared folder.
